*Starting 2011

A Full-Day Kindergarten program for students means your child will attend Kindergarten for the entire school day.

Full-Day Kindergarten provides support for our youngest learners. It helps prepare them for future success and provides a balance of direct instruction and play-based learning focused on reading, writing, communication and math skills as well as the development of social skills through group interaction, healthy physical activities and the arts.

Starting school is an exciting time of many firsts for all children. School staff works in partnership with each family to support every child's individual learning needs as they transition to Full-Day Kindergarten.

A Kindergarten team works in partnership in the classroom to help young students learn and grow. This team approach brings out the best in children through play-based learning, guided by the Ministry of Education's Full-Day Early Learning Kindergarten Program.

*Starting 2011

Before and After School Programs are planned and led by Early Childhood Educators.

A Before and After School Program offers continued care and early learning, consistent with Full-Day Kindergarten. Parents/guardians pay a fee for the program. A program only runs in schools where there is sufficient interest. Schools will survey parent interest during Kindergarten registration.

For more information contact your local school.

For information regarding fee subsidy for a *Before and After School Program* or to apply, visit the Toronto Children's Service website at:
www.toronto.ca/children or phone: **416-392-KIDS (5437)**
